OPTION TWO:
FOUNDRY VIDEO CENTRAL

Foundry Video Central provides casting buyers, designers and specifiers with one-stop access to informative videos from some of North America’s premier ferrous and nonferrous foundries.

CUSTOM DIGITAL CONTENT

Create a valuable tool to drive both marketing and sales: an independent content hub! Custom Digital Content consists of a Casting Source-branded digital flipbook, hosted independently. Content published in the flipbook is entirely at your discretion and can include any or all of the following:

- Articles about your company from Modern Casting or Casting Source
- Videos
- White papers
- Case studies
- Webinars
- And just about anything else!

The 3-month posting is supported by an intensive promotional campaign to the Casting Source audience, and a link will be provided to you to include in your marketing and sales efforts. After the first 3 months, the flipbook can be updated and re-posted at a reduced rate.

BASE RATE:
$6,000 for 3-month posting

ARTICLE REPRINTS

If you’ve recently been the subject of an article in Modern Casting, congratulations! You’re a star of the metal-casting community. Now you can preserve your article and share it with friends, employees, and customers. Our turnkey article reprint program packages your article and advertising into a reader-friendly 4- to 12-page brochure and includes a minimum of 500 printed copies for your use. Also included are all licensing fees, allowing complete and unfettered use of our content. Additional distribution opportunities, such as targeted direct mail or co-mailing with an issue of Casting Source, can be packaged upon request.

BASE RATE:
$1290
SPONSORED WEBINARS

A sponsored webinar is one of the strongest lead generation tools available to manufacturers. Registrants voluntarily provide detailed contact information in return for the opportunity to view a presentation on a topic of your choice. A dynamic webinar presentation not only establishes you as a key expert in the field, but can also be used continually across different platforms.

Promotions for webinar presentations are distributed in the Casting Source database through available online channels for 3–4 weeks prior to the presentation date. (In-print promotion can be added at your discretion.) In addition, all administrative and technical needs for the staging of the webinar are handled by Casting Source staff. Finally, shortly after the live presentation, the data collected on all registrants is provided to the sponsor.

As sponsored webinars are considered co-branded content, your topic and presentation will also receive the benefit of review and feedback from the Casting Source editorial staff.

ORDER DEADLINE:
6 weeks prior to scheduled presentation.

If registration falls short of 50, the webinar will be rescheduled or reconsidered.

Sponsored webinar topic and presentation content is subject to final approval by Casting Source staff.
